Consolidated Financial Statements of

## PIIKANI NATION

Year ended March 31, 2018

## Management's Responsibility for Financial Reporting

Management of the Piikani Nation (the "Nation") is responsible for the preparation, accuracy, objectivity, and integrity of the accompanying financial statements and the notes thereto. Management believes that the financial statements present fairly the Nation's financial position as at March 31, 2018 and the results of its operations for the year then ended.

The financial statements have been prepared in accordance with Canadian public sector accounting standards. Financial statements are not precise, since they include certain amounts based on estimates and judgments. Such amounts have been determined on a reasonable basis in order to ensure that the financial statements are presented fairly in all material respects.
In fulfilling its responsibilities and recognizing the limits inherent in all systems, management has designed and maintained a system of internal controls to produce reliable information to meet reporting requirements. The system is designed to provide management with reasonable assurance that transactions are properly authorized, reliable financial records are maintained, and assets are properly accounted for and safeguarded.
Chief and Council carries out its responsibilities for review of the financial statements. The members of the Council are not officers or employees of the Nation. The Council meets regularly with management, and external auditors to discuss the results of audit examinations and financial reporting matters. The external auditors have full access to the Chief and Council with and without the presence of management. The Chief and Council of the Piikani Nation has approved the financial statements.
The financial statements for the year ended March 31, 2018 have been reported on by KPMG LLP, the external auditor. The Independent Auditors' Report outlines the scope of their examination and provides their opinion on the fairness of presentation of the information in the financial statements.

## INDEPENDENT AUDITORS' REPORT

To the Members of the Piikani Nation
We were engaged to audit the accompanying consolidated financial statements of Piikani Nation (the "Nation"), which comprise the consolidated statement of financial position as at March 31, 2018, the consolidated statements of operations and accumulated surplus, change in net financial assets (debt) and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

## Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

## Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures of the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

Opinion
In our opinion, the consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Piikani Nation at March 31, 2018, and the results of its operations, change in net financial assets (debt) and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

## PIIKANI NATION

Notes to Consolidated Financial Statements
Year ended March 31, 2018

Piikani Nation is an aboriginal organization that represents Piikani Members in Southern Alberta.

## 1. Significant accounting policies:

The financial statements of Piikani Nation (the "Nation") are prepared by management in accordance with Canadian public sector accounting standards. Significant accounting policies adopted by the Nation are as follows:
(a) Reporting Entity:

The Piikani Nation reporting Entity includes the Piikani Nation government and all related entities that are accountable to the First Nation and are either owned or controlled by the Piikani Nation.

The consolidated financial statements include the assets, liabilities and results of operations for the following entities:

Piikani Nation - Government Services Piikani Social Development
Ky-Naak-Ku-Kan Housing Corporation Peigan Board of Education

Peigan Indian Rural Electrification Association Oldman Irrigation Ltd.
Piikani Resource Development Ltd.
Piikani Child and Family Services
1559725 Alberta Ltd.
Piikani Investment Corporation
(b) Basis of accounting:

The Nation follows the accrual method of accounting for revenues and expenses. Revenues are normally recognized in the year in which they are earned and measurable. Expenses are recognized as they are incurred and measurable as a result of receipt of goods or services and/or the creation of a legal obligation to pay.

## PIIKANI NATION

Notes to Consolidated Financial Statements
Year ended March 31, 2018

## 1. Significant accounting policies (continued):

(c) Revenue recognition:

Government transfers:
Government transfers are the transfer of assets from senior levels of government that are not the result of an exchange transaction, are not expected to be repaid in the future, or the result of a direct financial return.

Government transfers are recognized in the financial statements as revenue in the period in which events giving rise to the transfer occur, providing the transfers are authorized, any eligibility criteria have been met, and reasonable estimates of the amounts can be determined.
Government transfers, contributions and other amounts are received from third parties pursuant to legislation, regulation or agreement and may only be used for certain programs, in the completion of specific work, or for the purchase of tangible capital assets. In addition certain user charges and fees are collected for which the related services have yet to be performed. Revenue is recognized in the period when the related expenses are incurred, services performed or the tangible capital assets are acquired.

Indigenous and Northern Affairs Canada ("INAC"):
Program revenue received from INAC is recognized as it becomes receivable under the terms of the applicable funds transfer agreements. Funding received under funding arrangements that relate to a subsequent fiscal period is reflected as deferred revenue on the statement of financial position in the year of receipt.

## Canada Mortgage and Housing Corporation ("CMHC"):

CMHC revenue is recognized as it becomes receivable under the terms of the applicable funding agreements. Funding received under funding arrangements that relate to a subsequent fiscal period are reflected as deferred revenue on the statement of financial position in the year of receipt.
Health Canada:
Health Canada provides funding for specific purposes. Funds allocated to a specific purpose, which have not been expended for that purpose by the fiscal year end of the entity, are recorded as deferred revenue and appear as a liability on the statement of financial position. These funds are reported as revenues in the year the specific expenditures are incurred.

Treaty 7 Economic Development Corporation ("Treaty 7"):
Treaty 7 provides funding for specific purposes. Funds allocated to a specific purpose, which have not been expended for that purpose by the fiscal year end of the entity, are recorded as deferred revenue and appear as a liability on the statement of financial position. These funds are reported as revenues in the year the specific expenditures are incurred.

## PIIKANI NATION

Notes to Consolidated Financial Statements
Year ended March 31, 2018

## 1. Significant accounting policies (continued):

(d) Deferred revenue:

Deferred revenue includes grants, contributions and other amounts received from third parties pursuant to legislation, regulation and agreement which may only be used in certain programs, in the completion of specific work, or for the purchase of tangible capital assets. In addition, certain user charges and fees are collected for which the related services have yet to be performed. Revenue is recognized in the period when the related expenses are incurred, services performed, or the tangible capital assets are acquired.
(e) Investment income:

Investment income is reported as revenue in the period earned. When required by the funding government or related Act, investment income earned on deferred revenue is added to the investment and forms part of the deferred revenue balance.
(f) Employee future benefits:

The Nation and its employees participate in a multi-employer defined contribution pension plan. The contributions are expensed as incurred.
(g) Investments:

Investments include a $25 \%$ interest in the Oldman River Hydro Joint Venture and are recorded on the equity basis. All other investments are recorded at cost.
(h) Non-financial assets:

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations.

## PIIKANI NATION

Notes to Consolidated Financial Statements

Year ended March 31, 2018

## 1. Significant accounting policies (continued):

(h) Non-financial assets (continued):
(i) Tangible capital assets

Tangible capital assets are recorded at cost which includes amounts that are directly attributable to acquisition, construction, development or betterment of the asset. The cost, less residual value, of the tangible capital assets, excluding land, are amortized on a straight line basis over their estimated useful lives as follows:

| Asset | Useful life - years |
| :--- | ---: |
| Buildings and improvements | $20-40$ |
| Infrastructure, distribution |  |
| systems and engineering | $20-33$ |
| structures |  |
| Automotive, machinery and | $3-5$ |
| equipment | 5 |
| Furniture and equipment | 3 |
| Computer equipment |  |

When conditions indicate that a tangible capital asset no longer contributes to the Nation's ability to provide goods and services, or the value of the future economic benefits associated with the tangible capital asset is less than its net book value, the net book value of the tangible capital asset is written down to reflect the decline in the tangible capital assets net book value.

Assets under construction are not amortized until the asset is available for productive use.
(ii) Contributions of tangible capital assets

Tangible capital assets received as contributions are recorded at their fair value at the date of receipt and also are recorded as revenue.
(iii) Works of art and cultural and historic assets

Works of art and cultural and historic assets are not recorded as assets in these financial statements.
(iv) Interest capitalization

The Nation does not capitalize interest costs associated with the acquisition or construction of a tangible capital asset.
(v) Leased tangible capital assets

Leases which transfer substantially all of the benefits and risks incidental to ownership of property are accounted for as leased tangible capital assets. All other leases are accounted for as operating leases and the related payments are charged to expenses as incurred.

## PIIKANI NATION

Notes to Consolidated Financial Statements
Year ended March 31, 2018

## 1. Significant accounting policies (continued):

(i) Inventory held for resale:

Housing inventory is measured at the lower of cost or net realizable value using the specific item basis. Costs consist of the cost of raw materials and other costs that bring the housing units to marketable condition.
Inventories of agricultural product and biological assets are valued at the lower of cost and estimated net realizable value.
The actual amount that will be realized for the inventories may be more or less than this value.
When circumstances exist where the estimated amounts that will be realized from the inventory is less than cost it is written down to the estimated net realizable value. When circumstances which previously resulted in inventories to be written down no longer exist the previous impairment is reversed.
(j) Asset retirement obligation:

The Nation is subject to regulations requiring the repair, removal and disposal of friable asbestos. The obligation, under these regulations meets the definition of a conditional asset retirement obligation.
As a result of the longevity of the Nation's facilities, due in part to the Nation's maintenance procedures, and the fact that the Nation does not have plans for major changes that would require the removal of asbestos, the timing of the removal of asbestos in the Nation's facilities is indeterminable at year end. As a result, the Nation is currently unable to estimate the fair value of its asbestos removal and disposal obligation. Therefore, expenditures are recorded in accounts as they are incurred.
(k) Use of estimates:

The preparation of financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the period.
Actual results could differ from these estimates.
(I) Cash and cash equivalents:

Cash and cash equivalents consists of cash on hand and deposits which are highly liquid with original maturities of less than three months at the date of acquisition. These financial assets are convertible to known amounts of cash and are subject to an insignificant risk of changes in value.

## PIIKANI NATION

Notes to Consolidated Financial Statements
Year ended March 31, 2018

## 2. Recent accounting pronouncements:

The following summarizes the upcoming changes to the Public Sector Accounting Standards by the Public Sector Accounting Standards Board (PSAB). In 2019, the Entity will continue to assess the impact and prepare for the adoption of these standards. While the timing of standard adoption can vary, certain standards must be adopted concurrently.

1. PS 1201- Financial Statement Presentation

The implementation of this standard requires a new statement of re-measurement gains and losses separate from the statement of operations. This new statement will include the unrealized gains and losses arising from the re-measurement of financial instruments and items denominated in foreign currency. This standard is effective for fiscal years beginning on or after April 1, 2019.
2. PS 3450-Financial Instruments

This section establishes recognition, measurement, and disclosure requirements for derivative and non-derivative instruments. The standard requires fair value measurements of derivative instruments and equity instruments; all other financial instruments can be measured at either cost or fair value depending upon elections made by the Entity. Unrealized gains and losses will be presented on the new statement of re-measurement gains and losses arising from the adoption of PS 1201. There will also be a requirement to disclose the nature and extent of risks arising from financial instruments and clarification is given for the de-recognition of financial liabilities. As the Entity does not invest in derivatives or equity instruments based on its investment policy, it is anticipated that the adoption of this standard will have a minimal impact on the Entity. This standard is effective for fiscal years beginning on or after April 1, 2019.
3. PS 2601 - Foreign Currency Translation

This section establishes guidance on the recognition, measurement, presentation and disclosure of assets and liabilities denominated in foreign currencies. The section requires monetary assets and liabilities, denominated in a foreign currency and non-monetary items valued at fair value, denominated in a foreign currency to be adjusted to reflect the exchange rates in effect at the financial statement date. The resulting unrealized gains and losses are to be presented in the new statement of re-measurement gains and losses. This standard is effective for fiscal years beginning on or after April 1, 2019.

## PIIKANI NATION

Notes to Consolidated Financial Statements
Year ended March 31, 2018

## 2. Recent accounting pronouncements (continued):

4. PS 3041 - Portfolio Investments

This section removes the distinction between temporary and portfolio investments and provides additional guidance on recognition, measurement, presentation and disclosure of these types of investments. Upon adoption of this section and PS 3450, PS 3040 - Portfolio Investments will no longer be applicable. This standard is effective for fiscal years beginning on or after April 1 , 2019.

## 5. PS 3430-Restructure Transactions

This section provides guidance on the recognition, measurement and presentation of restructuring transactions by both the transferor and recipients of assets and/or liabilities, together with related program or operating responsibilities. This section is effective for fiscal years beginning on or after April 1, 2018.

The requirements in PS 1201, PS 3450, PS 2601 and PS 3041 are required to be implemented at the same time.

Management has indicated that the impact of the adoption of this standard is being evaluated and it is not known or reasonably estimable at this time.

## 5. Trust funds:

The trust funds arise from monies derived from capital or revenue sources as outlined in Section 62 of the Indian Act. These funds are held in trust in the consolidated revenue fund of the Government of Canada. The management of these funds is primarily governed by Section 63 and Section 69 of the Indian Act. These funds can be accessed by the Piikani Nation with the approval of Indigenous and Northern Affairs Canada. The trust funds include the following:

|  | 2018 | 2017 |  |
| :--- | ---: | ---: | ---: |
|  |  |  |  |
| Capital fund | $\$$ | 5,813 | $\$$ |

## 14. Financial instruments:

It is management's opinion that the Entity is not exposed to significant interest, currency, liquidity or credit risk arising from its financial instruments.

Unless otherwise noted, the fair values of financial assets and liabilities approximate their carrying values due to the relatively short periods to maturity of the instruments.
15. Chief and Council Member Honorariums and Travel:

16. Comparative Information

Certain comparative information has been reclassified to conform with the financial statement presentation adopted in the current year. The changes do not affect prior year earnings.

## PIIKANI NATION

Notes to Consolidated Financial Statements
Year ended March 31, 2018

## 17. Contingent liabilities:

a) The Nation has been named a defendant in various legal actions. Management is of the opinion that there is a strong defense against these claims. Accordingly, no provisions for losses have been reflected in the accounts.
b) The Nation has not recognized a liability for certain legal obligations, primarily special handling for the removal and disposal of encapsulated asbestos from facilities and equipment. The fair value of these liabilities cannot be reasonably determined as the settlement dates are not known.

## 18. Budget information:

The budget information presented in these financial statements is based upon the 2018 operating and capital budgets approved by the Chief and Council and various Committees.

## 19. Alberta Electrical Connection Operator License:

On September 9, 2010, the Nation paid $\$ 53,000$ to the Piikani Energy Corporation to have the Alberta Electrical Connection Operator application for the Piikani Wind Project amended so that the Nation was the applicant. This effectively resulted in the Nation purchasing the Piikani Energy Corporation's interest in the Alberta Connection Operator application.

## 20. Commitments:

The Nation has the following commitments:
a) In the normal course of business, the Nation enters into commitments for both capital and operational leases. The estimated minimum aggregate annual payments are approximately $\$ 65,000$. These commitments have been budgeted for and are approved by Chief and Council.
b) The Nation has entered into agreements with Zynxx (Utility Net) to assist in managing their electricity portfolio and back end processing including support and managing meter assets, power pool purchases, wire rate billing and management of customer accounts. The Nation pays $\$ 4$ per new member service and $\$ 9$ per member monthly.

## 21. Segmented disclosure:

The Nation discloses information on its segments in the following schedule. The Nation provides a range of services to the Nation Members, for each reported segment, revenues and expenses represent amounts that are directly attributable to the segment and amounts that are allocated on a reasonable basis. The accounting policies used in these segments is consistent with those adopted by the Nation as a whole.
